

Benefits:

Direct admission to current undergraduate and/or pre-degree courses at the UCC. All undergraduate and graduate courses at the University will allocate 10% of their quota to be filled directly with entrants. The best ten averages that have met the application requirements will enter, at least per career.

Observations: In case of not having applied for the chosen career, the applicant may apply to another as long as that career has quotas for the direct entry application.

Exception: Medicine is excluded from the list of offers with direct entry

Requirements:

- Have completed and certified Secondary School.
- Have an average, in the oriented cycle, of 8 (eight) points or more.
- Photocopy of DNI (front and back).
- Application form printed and signed by the applicant.

Observations: In the case of Architecture, entrants must attend the Introduction to Design and Creative Thinking module on a compulsory basis. Applicants who have been selected to enter directly to the UCC will not have to pay entrance course fees.

Observations: The conditions of this agreement may be modified by the School or the University. Any questions should be addressed to the Secondary School Secretary.
